### Reason for EOL:

The Trusted Computing Group 1.1b TPM specification has been replaced by the TCG 1.2 TPM specification. As a result, the AT97SC3201 / AT97SC3201S TPMs now support an obsolete TPM specification, version 1.1b, and have been replaced by Atmel's TCG version 1.2 TPM offering, the AT97SC3203 / AT97SC3203S.
