

Product Change Notification

Date: Thursday, January 20, 2011

PCN#: 140A00195

Subject: W3H128M64E-XSBX, W3H128M72E-XSBX, W3H128M72E-XNBX Die Revision

Dear Customer,

In an effort to better communicate to you, our user community, we have implemented a e-mail version for our PCN process in addition to our PCN website. While you may receive a notification from us concerning a particular part or part numbers, it is not an indication that you use or have ordered these particular parts, but merely a communication to notify our user community as a whole. Please review your sales orders, POs, records, etc. to determine if this particular PCN impacts your activities or affects your business.

Microsemi PMG wishes to inform you that the Micron U49A die presently being used to support the W3H128M64E-XSBX, W3H128M72E-XSBX and W3H128M72E-XNBX products is transitioning to EOL and available at a limited supply at Microsemi PMG. Microsemi PMG has a LTB opportunity from Micron until 2/28/2011 so please contact your Microsemi PMG sales representative for specific product availability.

Microsemi PMG will continue to support the W3H128M64E-XSBX, W3H128M72E-XSBX, W3H128M72E-XNBX products after the depletion of the Micron U49A die by using the Micron U69A die. If you have any questions, please contact the factory.

As technology moves at a much faster pace, advanced embedded electronic components play a more strategic role. Constant changes and advancements in technology mandate that we anticipate changes and directions in technology for the benefit of our customers. As one of the pioneers in advanced semiconductor packaging and high-density memory solutions, we stand ready to assist you in managing this evolution of technology. If we can provide any additional assistance, please contact us at 602.437.1520 or complete a contact form at www.whiteedc.com/contact_us.html.

Best regards,
Microsemi Power and Microelectronics Engineering Group
